Medicare Savings Programs are Medicaid programs to help pay for costs such as the Medicare Part B premium. It’s as easy as 1,2,3.

- 1. Qualified Medicare Beneficiary (QMB)**
QMB acts like a free Medicare supplement policy. It pays the Part B premium, all deductibles and coinsurance that Medicare does not pay.
- 2. Specified Low Income Medicare Beneficiary (SLMB)**
SLMB pays the Medicare Part B premium.
- 3. Qualified Individual (QI)**
Also, QI pays the Medicare Part B premium.
