

SHIP Calendar of Events

This calendar serves as both an invitation and an at-a-glance reference to upcoming SHIP TA Center webinars. Some ACL webinars and other ACL events will also be included, when applicable. This calendar is updated and distributed to the SHIP Director Listserv every Monday.

- **To Attend:** Click on the links provided in the calendar to learn more about each event and to register.
- **Software:** All center web events are conducted using WebEx software. This software is shared by the SHIP TA Center and the Senior Medicare Patrol (SMP) National Resource Center.
 - If you are new to WebEx, [click here](#)
 - For help installing or upgrading the WebEx software, [click here](#)
- **Archived Recordings and Handouts:** [Click Here](#)
 - Most webinars are recorded unless otherwise noted. The recordings and handouts are available within 24 hours after an event. Handouts are not provided in advance.
- **Intended Audience Color Key:** SHIP directors may want or need to attend all categories of events for management purposes. For convenience, the center suggests an intended audience for each webinar.
 - SHIP directors should re-distribute this calendar, as desired, to invite other appropriate SHIP audiences to attend center events.
 - Some SHIP TA Center events are jointly hosted with the Senior Medicare Patrol (SMP) National Resource Center (jointly hosted events are identified within individual event links).

SHIP directors only (and/or their designees)	SHIP staff (including coordinators of volunteers)	SHIP counselors	General SHIP audience	ACL event
---	--	--------------------	--------------------------	-----------
