**Symphonix Notice of Data Breach:** Newkirk Products, Inc. ("Newkirk"), a service provider that issues healthcare ID cards for health insurance plans, provided an update on its previously announced cyber security incident. Symphonix Health Insurance, a client of DST Health Solutions, Inc., is also identified as an impacted party and is notifying its members of the event. Letters to those impacted by the incident are being mailed. These letters include an explanation of the incident, an offer of two years of free identity protection and restoration services and information about additional ways impacted individuals can protect themselves. For additional information [click here](#).

**September is Prostate Cancer Awareness Month:** Prostate Cancer is the most common non-skin cancer and the second leading cause of cancer death among American men. The potential benefit of prostate cancer screening is finding cancer early, which may make treatment work better. [Click here](#) to learn more about prostate cancer symptoms, risk factors and screening tests. Prostate cancer screening is a preventive screening that is covered by Medicare Part B. [Here](#) is more information.
