Lt. Governor/Director

Lt. Governor/Director Mary Taylor

Mary Taylor's goal is to make Ohio jobs-friendly once again.

Taylor was sworn in as Ohio's 65th Lieutenant Governor January 10, 2011, the same day Ohio Governor John R. Kasich named her to lead Ohio's Common Sense Initiative (CSI) to reform Ohio's regulatory policies, as well as to serve as director of the Ohio Department of Insurance. Through these two assignments, Taylor is committed to making Ohio a jobs- and business-friendly state. On January 12, 2015, Kasich and Taylor were sworn in to their second term in office.

CSI reviews Ohio's regulatory system to eliminate excessive and duplicative rules that stand in the way of job creation. Both CSI and the Department of Insurance present unique challenges, but Taylor is no stranger to taking on tough assignments.

In 2006, Taylor was the first certified public accountant to be elected to serve as auditor of state, and she transformed the office into a nationally recognized, 21st-century government auditing firm. The National White Collar Crime Center praised Taylor for her excellence in fighting and preventing fraud and for recovering millions in misspent tax dollars. The Ohio Society of CPAs called Taylor one of their "most influential" members.

Elected to the state legislature in 2002, and re-elected in 2004, Taylor was instrumental in passing Ohio's 2005 tax reform package that reduced personal income taxes by 21%. The measure also eliminated the tangible personal property tax, the corporate franchise tax and the inventory tax imposed on businesses. She was a member of the House Finance, Ways and Means, and Education committees and was recognized by the United Conservatives of Ohio as a "Watchdog of the Treasury." The National Federation of Independent Business (NFIB), the nation's largest small-business group, also named Taylor a "Guardian of Small Business" for her outstanding voting record on behalf of Ohio's small-business owners.

Taylor earned a bachelor's degree in accounting and a master's degree in taxation from the University of Akron. She began her career in 1990 with Deloitte and Touche, one of the "big four" national accounting firms. She joined the Akron firm of Bober, Markey, Fedorovich & Company in 1994, where she served as director of the firm's tax department and senior manager of the employee benefits practice.

She's been called an "expert" on state budget issues by the Columbus Dispatch. And, her hometown newspaper—the Suburbanite—called her one of Summit County's "most influential women."

Taylor is a life-long resident of northeast Ohio, where she lives with her husband, Don, and their sons, Michael and Joe.

Lt. Governor/Director's Message

Ensuring Strong Consumer Protections and Maintaining a Robust Marketplace.

Ohio continues to be one of the top insurance marketplaces both nationally and in the world, providing consumers with choice and lower costs. In order to maintain this competitive market, the Ohio Department of Insurance educates, assists and protects Ohio consumers while fostering a robust and stable marketplace. Throughout the previous year, we have continued our tradition of strong, yet fair, regulation of insurance in Ohio.

Through the recent passage of Senate Bill 140 of the 130th General Assembly, we were able to execute significant and impactful insurance reforms. As a result of the reforms, the department has implemented enhanced holding company analysis and included comprehensive quality standards applicable to mergers, acquisitions and license applications.

Additionally, the department has implemented an alternative investment code, requirements pertaining to accredited and certified reinsurers, and enhanced corporate governance and enterprise risk management reporting in the form of annual insurer-prepared Own Risk and Solvency Assessments. These reforms create an environment for the industry to succeed and to grow while ensuring strong consumer protections - the cornerstone of our regulatory mission.

Over the last year, the department has also worked to establish the processes and requirements for captive insurance companies to be domiciled and operated in Ohio. Captives have become a popular risk-management tool for organizations seeking greater control over managing their commercial insurance needs such as commercial auto liability, workers' compensation and medical malpractice. These captive insurance companies support Ohio businesses by providing alternative risk management vehicles while also ensuring the department has the proper and appropriate oversight in place.

Lt. Governor/Director's Message

As we look ahead, consumer protection remains our top priority. Over the last year we saved Ohioans more than \$24.9 million by assisting consumers with insurance claims and by helping Medicare beneficiaries understand the most suitable coverages for their health care needs. Additionally, our fraud and enforcement teams, which investigate consumer insurance fraud and agent misconduct, reviewed over 1,645 allegations and identified 621 civil and criminal violations. This resulted in \$136,350 in fines and 44 individuals being referred for prosecution.

I am proud of the work we have done over the last year and I pledge to continue to steadfastly serve Ohio and maintain a robust marketplace. We remain dedicated to our goals of providing fair and appropriate market regulation, delivering excellent customer service, ensuring a competitive market and continuing to foster economic development.

Sincerely,

Mary Taylor
Lt. Governor/Director

Foster Economic Development

Insuring Ohio Futures Initiative Produced Results

A main partner in the Insuring Ohio Futures initiative, Lieutenant Governor and Ohio Department of Insurance Director Mary Taylor conducted outreach and other engagement efforts throughout the year, highlighting job opportunities and educating Ohioans about insurance career opportunities that will be available to students, career-changers, and veterans by the year 2020. According to a workforce study using Bureau of Labor Statistics data, the Ohio insurance industry will need 26,000 skilled workers by the year 2020.

Until recently, Ohio's colleges and universities offered few programs in insurance or risk management. However, industry and higher education leaders have worked together to create a significant number of new higher education courses, insurance certificates and majors at several major colleges and universities throughout Ohio.

Today, there are five such programs with a total enrollment of nearly 140 students who have declared insurance majors. Work continues toward the creation of new program offerings at Bowling Green State University and Clark State Community College, while support for existing programs at Kent State University, University of Cincinnati, Franklin University, Ohio Dominican University and Ohio Northern University remains a priority.

Insurers Attracted to Ohio's Efficient Regulatory Environment

The department's risk assessment staff completed reviews of 15 foreign insurance company applications for admission, 16 requests for additional lines of business, three requests for surplus lines of authority and three applications for accredited reinsurer status. Risk Assessment certified \$541.6 million in premium and franchise taxes and completed reviews on almost 70 amendments. In addition, Risk Assessment continues to update its online resources for insurance companies, including premium tax and examination billings, to make financial compliance more efficient.

Provide Fair and Appropriate Market Regulation

Lt. Governor and Staff Shared Consumer Protection and Regulatory Oversight on National Committees

Lieutenant Governor and Ohio Department of Insurance Director Mary Taylor was appointed by the National Association of Insurance Commissioners (NAIC) to serve on numerous committees and task forces that provide consumer protection and regulatory oversight expertise on important state and federal insurance issues. This includes Taylor serving as a member of the Life Insurance and Annuities Committee and the Market Regulation and Consumer Affairs Committee.

In all, Taylor and the department will participate on 18 NAIC committees and task forces, including acting as Chair of the Examination Oversight Task Force, and Vice Chair of the Life Actuarial and Antifraud Task Forces. The department will address such matters as protecting seniors, combating insurance fraud, sustaining market competition, creating regulatory efficiencies and monitoring the financial solvency of insurance companies.

The NAIC is an organization of insurance regulators from the 50 states, the District of Columbia and the five U.S. territories. The NAIC provides a forum for the development of uniform policy when uniformity is appropriate.

Tax Lien Program Netted More Than \$14.5 Million

The department's tax lien program has collected more than \$14.5 million in unpaid income tax, sales tax, and workers compensation premium payments through June of 2015. Lieutenant Governor and Insurance Director Mary Taylor introduced the program in May 2011 to recover funds that belong to the state and its citizens. If an insurance agent has an outstanding tax judgement lien filed against them or their organization, administrative action may be taken against the agent's license. As a result of the project, more than 818 agents and agencies have come into compliance with Ohio laws.

Insurance agent license holders with outstanding tax liabilities work with representatives from the department and the Attorney General's office to enter into consent orders and payment plans. The project has transitioned into a sustaining program involving the Department of Taxation's Tax Discovery Division and the Collection Enforcement Division of the Attorney General's Office.

The event, which focused on current trends and legal issues associated with insurance fraud schemes, was held at the Columbus Police Academy and attended by more than 160 representatives from law enforcement and the private industry.

Addressing Agent Misconduct and Unlicensed Activity a Department Priority

As the result of the referrals received, the department opened 1,645 administrative and criminal investigations, identified 621 potential law violations and took administrative and/or criminal action against 551 individuals.
