*Attorneys for Mary Taylor, in her capacity as  
Liquidator of LMI Insurance Company*

## MEMORANDUM IN SUPPORT

### **I. Background**

This Court entered its Final Order of Liquidation with a finding of insolvency and Appointment of Liquidator against LMI Insurance Company (“LMI”) on May 23, 2000. The Liquidation Order triggered the statutory obligations of Insurance Guaranty Associations (also known as “IGAs” and “Guaranty Funds”) throughout the United States.

Guaranty Associations are created by statute to provide a means to protect and compensate insureds or persons with claims against insureds when an insurance company is liquidated and therefore unable to meet its claims obligations. *See PIE Mutual Insurance Co. v. Ohio Insurance Guaranty Assoc.* (1993), 66 Ohio St. 3d. 209, 212; *see also* R.C. Chapter 3955. Generally speaking, when a liquidation order is entered, applicable Guaranty Associations assume the insolvent insurer’s obligations and rights with respect to insureds for liability purposes only. *Id.* Therefore, when an insured or other claimant has a claim under an insurance policy that was issued by a liquidated insurance company, the Liquidator forwards the claim to the appropriate Guaranty Association. The Guaranty Association then determines whether a particular claim is a “covered claim” under the Guaranty Association’s enabling statutes (an “IGA Covered Claim”). If the claim is an “IGA Covered Claim,” the Guaranty Association is required to administer and pay the claim up to the Guaranty Association’s applicable statutory cap. In return, the Guaranty Association has special deposit claims (if applicable) and both Class 1 (administrative expense) and Class 2 (policyholder level) claims in the liquidation estate. *See* R.C. 3903.42 (priority distribution scheme in liquidation).

If the claim is not an IGA Covered Claim at all, or if the claim exceeds the Guaranty Association’s statutory cap (therefore, the excess part of the claim is not an IGA Covered

Claim), the claim is returned to the Liquidator. Claims that are not covered at all by an IGA and portions of policyholder claims that are not IGA Covered Claims are claims against the liquidation estate to be paid solely by the Liquidator from the available assets of the insolvent insurance company's liquidation estate pursuant to the priorities in R.C. 3903.42.

Ohio, like many states, has incorporated mandatory "Early Access" provisions into its guaranty fund and insurance liquidation statutes. The general philosophy behind the early access laws is that available assets of the insolvent insurer should be made available to Guaranty Associations in satisfaction of their Class 1 and Class 2 claims against the liquidation estate assets prior to final claims distribution to all other creditors in order to help fund the cash needs of the Guaranty Associations to pay policyholders on covered claims. R.C. 3903.34(A) requires the Liquidator to apply to this Court for approval of a proposal to distribute assets to Guaranty Associations having obligations to administer and pay policyholder claims as a result of insurance company insolvency ("the Early Access Plan"). The statutorily required payments to be made to the Guaranty Associations pursuant to the Early Access Plan are called the "Early Access Payments."

Accordingly, on September 20, 2000, the Liquidator filed an Application for Approval of the Plan for Disbursement of LMI's Assets to those Guaranty Associations that the Liquidator expected at that time would have obligations arising from the LMI insolvency (the "Application")<sup>1</sup>, along with the proposed Plan for Disbursement of LMI Assets to those

---

<sup>1</sup> The Guaranty Associations identified in the September 20, 2000 Motion, and in the subsequent in the 2004 Motion and the 2005 Motion (discussed *infra*), were: Alabama, Arizona IGA, Arkansas, California, Connecticut, Delaware, District of Columbia, Florida IGA, Florida WC, Georgia, Illinois, Indiana, Kansas, Kentucky, Maryland, Michigan, Missouri, New Jersey IGA, New Jersey WC, New York, North Carolina, Ohio, Pennsylvania IGA, Pennsylvania WC, South Carolina, Virginia, Washington and West Virginia. Today, the Liquidator knows that Arkansas and Indiana should not have been identified because they did not file proofs of claim in the LMI liquidation as a result of paying any policyholder claims. Today, the Liquidator also knows that the following additional IGAs filed proofs of claims in the LMI liquidation or otherwise participate in the LMI liquidation: Arizona WC (not paying claims and did not file a proof of claim, but is a participant in the liquidation because the Liquidator is seeking to recover a

Guaranty Associations (the "Plan"), pursuant to R.C. Section 3903.34. The Plan included a proposed agreement between the Liquidator and the Guaranty Associations (the "Agreement"), as provided in R.C. 3903.34(B)(4). On January 19, 2001, this Court entered an Entry and Order Granting Liquidator's Application for Approval of the Plan of Disbursement of LMI Assets to Guaranty Associations pursuant to R.C. 3903.34 (the Order"). The Order also provided that mandatory Early Access Payments would only be made to the Guaranty Associations who executed and returned the Agreement to the Liquidator.

On February 18, 2004, the Liquidator filed a Motion for Approval of the Calculation and Payment of the First Early Access Payments of [to] the Guaranty Funds pursuant to R.C. Section 3903.34 (the "2004 Motion"). This Court granted the 2004 Motion on April 19, 2004 (the "2004 Order"). On June 8, 2004, July 29, 2004 and August 18, 2004, the Liquidator made the first Early Access Payments on the Guaranty Associations' estimated Class 1 and Class 2 claims in the combined sum of \$2,213,399.00.<sup>2</sup> This sum was paid through cash distributions to the various Guaranty Associations totaling \$1,233,297.00 and the remainder paid through set-offs of special deposits and other recoveries. As set forth on Exhibit B (spreadsheet), this distribution primarily paid Guaranty Associations on their Class 1 claims, with a small percentage allocated to Class 2 claims.

On March 28, 2005, the Liquidator filed a Motion for Approval of the Calculation and Payment of the Second Early Access Payments of the Guaranty Funds pursuant to R.C. Section

---

special deposit), Colorado, Oklahoma and Iowa. These additional IGAs are now included either in Exhibit A or in Exhibit B, but none of the additional IGAs have received, or will receive, any distributions from the LMI estate because none of them has an allowed proof of claim.

<sup>2</sup> The 2004 Motion and 2004 Order incorrectly stated that the Early Access Distribution totaled \$2,454,158.00, comprised of \$1,396,424.00 in cash payments and \$1,057,733 in special deposit and other offsets. In actuality, the Liquidator made cash distributions of \$1,233,297.00 after special deposit and other offsets totaling \$980,102.00, for a total of \$2,213,399.00 in payments to IGAs. The reduction in actual cash payments is due to the application of \$163,127.00 in unused special deposits in New Jersey. The reason for the reduction in special deposit offsets is that there were no special deposit offsets in Michigan, North Carolina or New York reported in the 2004 Motion.

3903.34 (the “2005 Motion”). This Court granted the 2005 Motion on April 18, 2005 (the “2005 Order”). On April 25, 2005, the Liquidator made the second Early Access Payments on the Guaranty Associations’ allowed Class 1 administrative expense claims in the combined sum of \$2,682,202.00.<sup>3</sup> This sum was paid through cash distributions to the various Guaranty Associations totaling \$1,549,080.00 and the remainder paid by set-offs of special deposits and other recoveries. As set forth on Exhibit B (spreadsheet), this distribution primarily paid Guaranty Associations on their Class 1 claims, with a small percentage allocated to Class 2 claims.

## II. Law and Argument

### A. Third Pro-Rata Early Access Payment of Guaranty Associations’ Class 1 Administrative Expense Claims

As a result of the Guaranty Associations’ continuing adjudication of policyholder level claims in this case, the Liquidator has determined that the Guaranty Associations have incurred additional Class 1 administrative expense claims that together total \$1,750,397.35. The Liquidator hereby requests approval pursuant to R.C. 3903.34(A) to make a third pro-rata early access payment of the Guaranty Associations’ Class 1 administrative expense claims as calculated on attached Exhibit A entitled *Liquidator’s Third Report of Guaranty Associations’ Class 1 Administrative Expense Claims and Class 2 Policyholder Level Claims and Third Early Access Payment to Guaranty Associations*. As calculated in Exhibit A (Report of Claims) and as detailed in Exhibit B (spreadsheet), these claims will be paid through set-offs of special deposits

---

<sup>3</sup> The 2005 Motion and 2005 Order incorrectly stated that the early Access distribution totaled \$2,725,571, comprised of \$1,620,417.00 in cash payments and \$1,105,157.00 in unused special deposit and other offsets. In actuality, the Liquidator made cash distributions totaling \$1,549,080.00 after special deposit and other offsets totaling \$1,133,122.00, for a total of \$2,682,202.00 in payments to IGAs. The reduction in actual cash payments is due to the return of \$78,000 by Florida as an overpayment. The reason for the variance in special deposit offsets taken versus special deposit offsets reported in the Motion is that Florida took the full special deposit offset in Florida in lieu of the cash payment reported in the Motion and the special deposit offsets in New York or South Carolina that were reported in the Motion were not taken.

and other recoveries and the remainder through cash distributions from the LMI estate to the various Guaranty Associations totaling \$1,377,259.27. The allocation of the total amount of this payment that each Guaranty Association will receive is also reflected on Exhibits A (Report of Claims) and B (spreadsheet). These payments will pay in full (100%) the Class 1 administrative expense claims of the Guaranty Associations as of the Liquidator's data as of September 30, 2011.

**B. Third Pro-Rata Early Access Payment of Guaranty Associations' Class 2 Policyholder Level Claims Determined as of September 30, 2011**

The Liquidator has also calculated the amount the LMI Estate can pay at this time as the third statutorily required Early Access Payment of the Guaranty Associations' allowed Class 2 policyholder level claims. Exhibit B (spreadsheet) provides for application of remaining special deposit offsets totaling \$9,544,934.86. Exhibit A (Report of Claims) provides for the Liquidator to make a pro-rata distribution of \$7,898,943.97 in cash payments in 2011 to those Guaranty Associations that have not yet been paid up to 24% on their allowed Class 2 claims determined as of September 30, 2011. As can be seen on Exhibit B (spreadsheet), this cash distribution is net of the 2004 and 2005 early access cash payments totaling \$127,712.22 on Class 2 IGA claims, which included an unrecoverable overpayment of \$50.49 to the South Carolina IGA. The allocation of the setoffs and cash distribution and the total amount that each Guaranty Association will receive is also calculated on Exhibit A (Report of Claims) and detailed more specifically in Exhibit B (spreadsheet). As a result of the First, Second and Third Early Access Payments on the Class 2 portion of the Guaranty Associations' claims, the Guaranty Associations will at a minimum have received a combined 24% of their allowed Class 2 claims against the LMI estate determined as of September 30, 2011.

There are sufficient assets available to make this Early Access payment and at the same time retain sufficient moneys to satisfy projected Class 1 obligations and make a pro-rata distribution at a percentage to be determined in the future on remaining allowed Class 2 liabilities upon a final distribution.

**C. Liquidator's First Final Report of Non-Guaranty Association Class 2 Claims**

R.C. 3903.43(A) requires the Liquidator to file reports of claims against the insurer along with her recommendations. Under R.C. 3903.43(B), the Court may approve, disapprove, or modify the report on claims by the Liquidator.

The Liquidator is proceeding to file her First Report of Non-Guaranty Association Claims in Class 2 for the Court's approval (Exhibit C). The Report shows that the vast majority of these claims are valued at zero. In most cases, this is because the Guaranty Associations paid these policyholder level claims, as discussed above. As a result of that payment, the Guaranty Association has a proof of claim against the LMI Estate for the claim paid, and the claimant who has already been paid by the applicable Guaranty Association does not have an allowed claim against the LMI Estate.

The Report also shows that 13 claimants have Class 2 claims that are valued above zero. These claimants have allowed proofs of claims against the LMI Estate because their claims are not covered in whole or in part by a Guaranty Association.

Consistent with Reports of Claims filed in other cases, Exhibit C is redacted based on claimant complaints the Liquidator received in other cases wherein several claimants reported that they were contacted and questioned by neighbors, claims buyers, and others in connection with distributions. The Liquidator is indeed attempting to respond to and protect all claimants by redacting their personally identifying contact information in the Reports of Claims in this and

other liquidation cases. The claimants' full identifying information can be disclosed *in camera* to the Court or filed under seal. The Liquidator will post this Motion and redacted Exhibit C on her website at [www.ohliq.com](http://www.ohliq.com) under Open Liquidations –LMI Insurance Company in the form of a searchable PDF so that claimants can search for information about their claims using their Proof of Claim (Liquidator) Number and have meaningful review of the information related to their claims. The website also explains that claimants may call the Liquidation Office if they have questions about the Report.

**D. First Interim Distribution to Class 2 Claimants Whose Allowed Claims Are Not “IGA Covered Claims”**

The Liquidation Statutes do not require the Liquidator to make early distributions to any creditors other than the Guaranty Associations. Early Access Payments to Guaranty Associations are statutorily required to ensure that the Guaranty Associations can pay covered policyholder claims sooner and so that policyholders do not have to “stand in line” with other creditors in a liquidation case. Notwithstanding this, the Liquidator has discretion to determine if and when it is appropriate under the circumstances affecting any particular liquidation to request authority pursuant to R.C. 3903.44 to make an early Interim Distribution to claimants whose claims are not IGA Covered Claims.

In this case, the Liquidator is well along in the process of asset recovery and reviewing, classifying, adjudicating and determining proofs of claims submitted against the LMI liquidation estate. The Liquidator's review of claims identified 13 Class 2 claimants whose claims are not IGA Covered Claims. The total amount of allowed Non-IGA Class 2 claims as of September 30, 2011 is \$663,690.58. The Liquidator recommends that these claims be allowed at the determined values set forth in the *Liquidator's First Final Report of Non-Guaranty Association Class 2 Policyholder Level Claims* attached hereto as Exhibit C. The Liquidator therefore

requests that, pursuant to R.C. 3903.43(B), this Court approve the *Liquidator's First Final Report of Non-Guaranty Association Class 2 Policyholder Level Claims* attached hereto as Exhibit C, including the class and value of each claim set forth therein. Exhibit C includes those Non-IGA Covered Class 2 Claims that are known to the Liquidator as of September 30, 2011.

R.C. 3903.44 authorizes the Liquidator, under the direction of the Court, to make distributions to claimants, provided that these distributions are made in a manner that assures the proper recognition of priorities and a reasonable balance between the expeditious completion of the liquidation and the protection of unliquidated and undetermined claims. The Liquidator has determined that it is now appropriate under the facts and circumstances affecting the LMI liquidation case to make an immediate pro-rata Interim Distribution of estate assets to these 13 Class 2 claimants equal to 24% of the amount of their allowed claims.

As set forth in the Second Status Report filed in this case contemporaneously with this Motion, the Liquidator is hoping to close the LMI liquidation estate in or before 2015. Before the final distribution, the Liquidator must obtain a release of any claims that the United States may have against LMI and the Liquidator under the Federal Priority Statute, 31 U.S.C. § 3713 (the "Federal Release"). The Liquidator requested the Federal Release from the federal government in July, 2011.

As of June 30, 2011, the LMI liquidation estate has cash and invested assets of \$24,477,676.92 as reported in the last periodic accounting filed in this case. As of October 5, 2011, the LMI liquidation estate has combined cash and invested assets of \$24,416,296.77. The Early Access cash payments proposed herein will be made from available cash. The vast majority of Class 2 claims have been finally determined and adjudicated, including the claims of 18 IGAs. However, the remaining IGAs have a total of 80 open claim files for which liability of

the estate is uncertain. Therefore, it is still premature to provide a good faith estimate. The Liquidator hopes to be able to provide a good faith distribution estimate by the end of 2012.

At this time, the Liquidator estimates in good faith at this point in time that there will be sufficient assets in the LMI liquidation estate to make ultimate distributions (through a combination of early access, interim distributions and final distributions) to allowed Class 2 claimants (both IGA Covered Claims and Non-IGA Covered Claims) at a percentage that will exceed 24% of the amount of their allowed claims against the liquidation estate assets. The Liquidator therefore believes that she can at this time safely make an Interim Distribution to claimants whose claims are not IGA Covered Claims in the amount of 24% of their allowed claims, as well as an Early Access Payment to Guaranty Associations in the same percentage. For these reasons, the Liquidator respectfully requests that this Court authorize her to make an Interim Distributions totaling \$159,285.74 from the assets of the LMI liquidation estate representing 24% of the each allowed claim identified in the *Liquidator's First Final Report of Non-Guaranty Association Class 2 Policyholder Level Claims* attached hereto as Exhibit C (the "First Interim Distribution").

### **III. Conclusion**

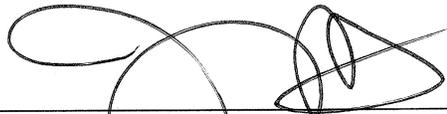

For the foregoing reasons, the Liquidator respectfully requests that this Court (1) approve the Liquidator's third pro-rata distribution to Guaranty Associations on their allowed Class 1 administrative expense claims and allowed Class 2 policyholder level claims as reflected in the *Liquidator's Third Report of Guaranty Associations' Class 1 Administrative Expense Claims and Class 2 Policyholder Level Claims and Third Early Access Payment to Guaranty Associations*, attached hereto as Exhibit A, and as detailed on Exhibit B, which reflect (a) the payment of 100% of the IGA's Class 1 claims; and (b) the payment of \$7,898,943.97 cash to the Guaranty

Associations identified therein representing a 24% distribution on their allowed Class 2 claims against the LMI estate as of the Liquidator's data on September 30, 2011 and various special deposit and other offsets; and (2) approve the attached *Liquidator's First Final Report of Non-Guaranty Association Class 2 Policyholder Level Claims* and approve a First Interim Distribution in the total amount of \$159,285.74 cash to the claimants identified therein, as set forth in Exhibit C.

Respectfully submitted,

MIKE DEWINE
