Report on Status of Liquidation

On January 30, 2014, the Liquidator filed a Report on Status of Liquidation with the Franklin County Court of Common Pleas, to inform the Court and claimants in the Credit General Insurance Company ("CGIC") liquidation case of the status of the liquidation, and to explain the development of the delay on the Federal Release and the progress made on the closing plan since the last status report filed on June 6, 2013.

As reported, the Liquidator cannot determine the CGIC estate's exact claims liability or the corresponding distribution percentage until the remaining claims – particularly the potential claims of the federal government - are finally resolved. As also reported, the Liquidator has substantially narrowed the remaining impediments to expediting the closure of the CGIC estate.
