

Ohio Uniform Small Group Employee Application

The Ohio Uniform Small Group Employee Application, form number App1210, has been approved for use in Ohio. Please be advised -- the form may not be altered without prior approval of ODI. The current version of form number App1210 may be used by all Ohio licensed carriers or Health Insuring Corporations (HICs) and does not need to be filed individually by each company with ODI. Carriers or HICs may wish to use an Additional Authorization and Disclosure form upon acceptance of the group. If so, the form MUST be filed with ODI prior to use and may be utilized for the following reasons:

- Authorization of premium contributions
- Disclosure of pre-existing conditions limitations
- Confirmation that the information submitted on the original application remains correct and true and the form becomes part of the original application
- Confirmation of the name of the carrier or HIC ultimately insuring the employee and detailing any contact information
- Request NCQA questions
- Any additional authorization or disclosure items as determined by the carrier or HIC

Please contact the Ohio Association of Health Plans (OAHP) if you have any suggestions to improve the application.
