Mary Taylor
Lt. Governor / Director

Letter from Lt. Governor/Director Mary Taylor

Ohio continues to be one of the top insurance marketplaces in the world providing consumers with choice and lower costs. Insurance companies, insurance agencies and other insurance-related activities employ nearly 110,000 workers in an industry that ranks ninth and 19th largest by premium volume in the United States and in the world, respectively. There are an additional 106,000 indirect jobs that support the Ohio insurance industry. In all, payroll contribution of the insurance industry and industries that support it are currently around \$10.3 billion dollars annually.

We are fortunate to have more than 250 insurance companies call Ohio home. With so many companies located here in Ohio, there are challenges that lie ahead. In the next five years, more than 17,000 insurance-related jobs will need to be filled. Along with growth and expansion, the industry faces the impact of retiring baby boomers. These are stable jobs available to many different professionals including accountants, actuaries, adjusters, agents, attorneys, as well as positions in communications, customer service, and marketing. To meet this demand, the State of Ohio, the insurance industry and higher education institutions joined forces launching the Insuring Ohio Futures initiative, a statewide effort targeting recent graduates, those changing careers, and veterans. The initiative raises awareness about the insurance industry and the job opportunities available to Ohioans.

Our competitive marketplace is producing among the lowest average homeowners and auto premiums in the country, ranking sixth and ninth, respectively. In addition, through the Common Sense Initiative (CSI) that Governor Kasich appointed me to direct, we are removing burdensome and duplicative regulatory requirements further benefiting Ohio's insurance market and consumers.

Consumer protection is our top priority. During the 2012 calendar year, we saved Ohioans a record \$24.4 million through such means as assessing company claim determinations and helping Medicare beneficiaries understand the most suitable coverage available to them. Furthermore, our fraud and enforcement teams, which investigate consumer insurance fraud and agent misconduct, reviewed a record number of allegations and identified 700 civil and criminal violations. The caseload led to \$134,900 in fines and 71 individuals being referred for prosecution.

We have made great strides over the past year but much work remains. I continue my pledge to steadfastly serve Ohio and maintain a stable marketplace. We remain dedicated to our goals of providing fair and appropriate market regulation, excellent consumer service, ensuring a competitive market and enabling more economic development.

Sincerely,

A handwritten signature in black ink that reads "Mary Taylor". The signature is written in a cursive, flowing style.

Mary Taylor

About the Lt. Governor/Director

Mary Taylor's goal is to help keep Ohio moving forward.

Taylor was sworn in as Ohio's 65th Lieutenant Governor on January 10, 2011, the same day Governor John R. Kasich named her to lead Ohio's Common Sense Initiative (CSI) to reform Ohio's regulatory policies, as well as to serve as the director of the Ohio Department of Insurance. These two assignments dovetail together to make Ohio a more jobs – and business – friendly state.

Under Taylor's leadership, the Ohio Department of Insurance continues to be one of the premier insurance regulatory agencies in the country. In 2012, the Department helped consumers save \$24.4 million while protecting a competitive insurance market for approximately 1,635 insurance companies licensed in Ohio.

As the first certified public accountant to serve as Ohio's Auditor of State, Taylor transformed the office into a nationally-recognized, 21st-century government auditing office. The National White Collar Crime Center praised Taylor for her excellence in fighting and preventing fraud and for recovering millions in misspent tax dollars. The Ohio Society of CPA's called Taylor one of their "most influential" members.

As a state legislator, Taylor was instrumental in passing Ohio's 2005 tax reform package that reduced personal income taxes by 21 percent. The measure also eliminated the tangible personal property tax, the corporate franchise tax and the inventory tax imposed on businesses. She was a member of the House Finance, Ways and Means, and Education committees and was recognized by the United Conservatives of Ohio as a "Watchdog of the Treasury." The National Federation of Independent Business (NFIB), the nation's largest small-business group, also named Taylor a "Guardian of Small Business" for her outstanding voting record on behalf of Ohio's small-business owners.

Taylor earned a bachelor's degree in accounting and a master's degree in taxation from the University of Akron. She began her career in 1990 with Deloitte and Touche, one of the "big four" national accounting firms. She joined the Akron firm of Bober, Markey, Fedorovich & Company in 1994, where she served as director of the firm's tax department and senior manager of the employee benefits practice.

She's been called an "expert" on state budget issues by the Columbus Dispatch and her hometown newspaper – the Suburbanite – called her one of Summit County's "most influential women."

About the Department

The Department of Insurance provides consumer protection through education and fair but vigilant regulation while promoting a stable and competitive environment for insurers. The Department is charged under Ohio Revised Code Chapters 17 and 39 with the responsibility of regulating the activities of approximately 1,635 insurance companies that write \$63.3 billion in insurance premiums, and pay about \$502 million each year in premium taxes to the General Revenue Fund.

Ohio is the ninth largest insurance state by premium volume. The industry is one of Ohio's largest employers, employing nearly 110,000 people. In addition, the Department issues licenses, monitors the conduct of more than 205,000 insurance agents, and oversees more than 14,000 insurance agencies doing business in Ohio.

The Department monitors the financial soundness of insurance companies and investigates consumer complaints and insurance fraud. Further, the Department determines if services and benefits offered by insurance companies are consistent with policy provisions and Ohio law, reviews company filings for life, accident, health, managed care, property, and casualty policies, and reviews and approves forms and rates. The Director of Insurance, who is appointed by the Governor, heads the Department. The Department has approximately 254 full-time permanent employees.

Department Areas

Consumer Service

Both the Department's Consumer Affairs and Ohio Senior Health Insurance Information Programs (OSHIIIP) assist Ohio insurance consumers through telephone, internet, and written communications, one-on-one meetings, and community outreach activities.

Consumer Affairs responds to inquiries regarding insurance matters and investigates consumer insurance complaints. The program identifies violations of Ohio's insurance laws, distributes insurance-related publications, counsels victims of disasters and conducts insurance outreach across the state.

OSHIIIP uses agency staff and a large statewide network of trained community-based volunteers to provide free insurance information and assistance in navigating the Medicare and associated insurance systems.

Investigative and Licensing

The Department's investigative and licensing operations ensure compliance with Ohio's insurance laws and regulations by both individual agents, and business entities, also referred to as insurance agencies.

Market Conduct examines insurance companies' business practices, identifies inappropriate insurance company market practices, and ensures that proper corrective action is taken as established by state laws and rules.

Licensing issues and renews licenses to individuals and business entities after determining they have met the minimum qualifications needed to obtain an insurance license from the state. Licensing also monitors the continuing education hours for individual insurance agents, processes insurance company appointments of authorized agents, and proposes regulatory action against licensees not in compliance with the education requirements.

Fraud and Enforcement investigates alleged misconduct or fraud committed by licensed individuals entities, consumers, third parties, and medical providers. Agents who engage in such acts may lose their licenses or face other sanctions. This program frequently refers cases to local, state, and federal prosecutors and provides evidence and testimony regarding investigations conducted.

Department Areas

Product Regulation and Actuarial Services

Product Regulation and Actuarial Services reviews policy forms, endorsements, and rules for products marketed to Ohio consumers by Ohio-licensed property and casualty companies as well as life and health companies and their related lines of business. Policy language is reviewed for clarity and compliance with statutes and rules.

Product Regulation and Actuarial Services provides actuarial support for all Department programs, applying actuarial standards to ensure that rates are not excessive, inadequate, or unfairly discriminatory. Program staff analyzes the valuation of reserve liabilities for domestic life insurance companies and monitors and reviews the reserve valuations of domestic health insurers and the actuarial opinions, memoranda, and summaries for all domestic insurers. Program staff also participates in all risk assessment examinations to evaluate reserving, pricing, underwriting, and liquidity risks.

Risk Assessment

Risk Assessment regulates the financial solvency of all Ohio-based (domestic) insurance companies as well as monitors and coordinates regulatory oversight of the financial conditions of out-of-state (foreign), surplus lines (unauthorized foreign insurer), and alien (international) insurers.

Staff reviews the financial statements of every insurance company licensed in Ohio and oversees complex transactions that can include billions of dollars in assets to ensure that insurance companies have enough money to pay claims filed by consumers. They also calculate and certify to the Treasurer of State the domestic and foreign insurance premium tax owed to the state. In addition, insurers' statutory and solvency compliance is monitored on an ongoing basis and staff conducts on-site field examinations. By statute, the Department examines insurers as often as the Director of Insurance deems appropriate but at least once every five years.

Department Areas

Department Management

The Executive, Legal Services, Information Technology and Security, Fiscal and Human Resources areas work together to carry out the management and support functions of the Department.

Executive includes Policy, Legislative Affairs, and Communications, and oversees agency operations, develops policies on all insurance matters, collaborates with the Ohio General Assembly and Congress, and manages the agency's internal and external communications.

Legal handles regulatory transactions, administers public hearings on agent and company license and enforcement issues, and provides legal assistance to other Department divisions.

Information Technology and Security assists the Department's regulatory oversight responsibilities through design, implementation, and maintenance of technology infrastructure and programs.

These areas also provide operational support including accounts payable and receivable, payroll, budgeting and facility management.

Department Priorities and Objectives

Priorities

- **Provide Fair and Appropriate Market Regulation** – Investigate persons or entities who commit insurance fraud or are suspected of violating Ohio’s insurance laws, including those laws regarding unfair or deceptive practices. The Department will provide a regulatory response that is reasonable, appropriate and proportional.
- **Provide Excellent Consumer Services** – Empower consumers to make informed insurance purchasing decisions by providing educational information, training, and consultation. Additionally, the Department will assist consumers who encounter difficulties by answering inquiries and investigating and resolving complaints. The Department will help seniors, caregivers, and other Medicare recipients obtain information on Medicare products and programs and will work to prevent predatory sales practices directed toward seniors by partnering with the Department of Aging and the Department of Commerce.
- **Provide a Competitive Marketplace** – Provide a regulatory environment that supports a competitive insurance market ensuring a stable insurance market for consumers. The Department will assess solvency and review statutory filings of Ohio-based companies, as well as rate and policy form filings from all companies licensed in Ohio. The Department will also perform audits of non-Ohio based companies and review business practices of all companies licensed in Ohio.
- **Foster Economic Development** – Enhance Ohio’s ability to attract and retain insurance businesses and jobs for Ohioans through regulatory reform while ensuring a stable insurance market for consumers. The Department will review existing rules and regulations to promote flexibility, balance, transparency and consistency.

Department Priorities and Objectives

Objectives

- Monitor the financial solvency of insurance companies and health insuring corporations operating in Ohio, and assure that companies operating in Ohio are stable and sound.
- Provide consumers with education on insurance matters, coverage options and issues of interest to seniors.
- Provide consumers with assistance regarding insurance coverage and claims-related concerns.
- Monitor insurance sales, claims handling activities, and insurance company interactions with policyholders to ensure they are fair and comply with Ohio law.
- Investigate fraud and misconduct in a thorough and professional manner.
- Protect Ohio's senior population from predatory sales practices by strengthening regulatory measures, educating seniors, and continuing partnerships with organizations that serve senior citizens.
- Maintain a leadership role in the National Association of Insurance Commissioners (NAIC).
- Continue implementation of an enterprise system that will facilitate e-commerce with business constituents and allow Ohio to comply with the reporting requirements of the NAIC.
- Provide staff educational and training opportunities to enhance their insurance knowledge in order to effectively monitor a complex and ever-changing insurance industry.
- Continue efforts in overseeing the licensure and education of insurance agents.

Key Department Staff

Jillian Froment, Deputy Director

Jillian Froment joined the Ohio Department of Insurance in early 2011 as Chief Administrative Officer and was soon elevated to Deputy Director. Froment is responsible for leading the Department's policy development and overseeing the day-to-day operations of the Department. She is also responsible for working with a taskforce of Ohio insurance industry CEOs to review and implement improvements to Ohio's regulatory environment and to create a robust workforce for Ohio's insurance industry. Through these efforts she is working to benefit Ohio consumers by removing regulatory barriers that needlessly drive up the cost of insurance while also strengthening meaningful consumer protections.

Froment has more than 15 years of public sector and executive experience with a reputation for streamlining organizations and realizing operational efficiencies. She came to the Department from the City of Marysville where she was the City Administrator and responsible for the smooth and efficient management of municipal services and more than 150 employees. Under her leadership, the city developed a culture of active community engagement, strategic planning and fiscal responsibility.

Froment holds the distinction of being the first Executive Director for the eTech Ohio Commission, an agency created under her leadership. She consolidated two separate state agencies to more efficiently serve Ohio's citizens. Froment has also served as the Assistant Deputy Director and General Counsel in the Office of Collective Bargaining and as a compliance officer for the Ohio Department of Youth Services.

Froment is a member of the Ohio State Bar Association, West Virginia Bar Association, and Union County Bar Association. She is a founding board member of Ruling Our eXperiences (ROX), a non-profit organization assisting girls in developing the skills to deal with the social, personal, and academic issues of adolescence.

Froment earned a Juris Doctorate from Capital University and a Bachelor of Science degree in Engineering from The Ohio State University.

Key Department Staff

Tynesia Dorsey, Chief Administrative Officer

Tynesia Dorsey was named Chief Administrative Officer of the Ohio Department of Insurance in September 2011. In this capacity, Dorsey oversees the operations of the Fiscal, Human Resources, Information Technology and Security, Project Management and Consumer Affairs Divisions. Dorsey works with the agency to streamline processes, increase efficiencies and increase customer satisfaction.

Dorsey has more than 18 years of public service. She joined the Department in November 1998 as a Personnel Officer and moved into the Human Resources Administrator position in May 2007. She was named Assistant Director of Human Resources in January 2008. As head of Human Resources, Dorsey planned and oversaw such activities as personnel issues, benefits, payroll, labor relations, management of the Equal Employment Opportunity (EEO) and Americans with Disability Act (ADA), and employee trainings.

Dorsey is an active member of the Labor Relations Advisory Council and the National Public Employer Labor Relations Association. Prior to joining the Department, she was a Personnel Officer at the Ohio Department of Rehabilitation and Corrections.

Carrie Haughawout, Assistant Director of Health Policy

Carrie Haughawout joined the Ohio Department of Insurance in January of 2011 as Assistant Director of Health Policy. Haughawout analyzes and advises on state and national health policy issues, leads the agency on the implementation of health care legislation, and assists in prioritizing the Department's legislative goals.

Haughawout previously worked at the Ohio Chamber of Commerce as the Director of Health Care and Small Business Council. In that role, Haughawout worked to educate legislators about health care and how it impacted businesses and promoted a free market approach to health care reform that was good for Ohio businesses.

Haughawout has held various positions with the Ohio House of Representatives. She worked closely with former representatives Jim Aslanides and Shawn Webster. Haughawout also worked on agriculture, energy, environmental, development and higher education policy for former Speakers of the House.

Key Department Staff

Mike Farley, Assistant Director of Legislative Affairs

Michael Farley joined the Ohio Department of Insurance in January 2011 as Assistant Director for Legislative Affairs. Farley leads the legislative program, regularly interfacing with the Ohio General Assembly, Congress, other government agencies, and other stakeholders. He also manages the rule making process for the Department and coordinates interaction before the Joint Committee on Agency Rule and Review (JCARR).

Previously, Farley spent four years as the Director of Government and External Relations for the American Red Cross, representing the organization before Ohio government and the state's Congressional delegation, and other nonprofit organizations. He developed and oversaw the Ohio Disaster Readiness Project, which increased human resource capacity for disaster planning and response for the Red Cross in Ohio. Farley has also served as a Legislative Liaison for former Governor Bob Taft, overseeing legislative activity for many state agencies, including the Ohio Department of Insurance. He assisted in passage of major policy initiatives such as civil justice reform and education reform.

Farley has also served as Director of Public Affairs for the Ohio Kentucky Concrete Construction Association as well as a Legislative Aide to former state Representative David R. Evans, a former member of the Ohio House Insurance Committee, and former member of the National Conference of Insurance Legislators, Vice-Chair of the Property and Casualty Committee and member of the Executive Committee of the National Conference of Insurance Legislators (NCOIL). Farley was the Northeast Ohio Field Representative for the Ohio Republican Party in the 1999 to 2000 election cycle.

Farley previously was an adjunct professor at Otterbein College (now Otterbein University) teaching public administration and political leadership. He earned his B.A. in Political Science and History from the University of Akron and his Master of Public Administration from Ohio University. Farley is currently pursuing his Juris Doctor from Capital University Law School.

Key Department Staff

Joe Garber, Chief Legal Counsel

Joe Garber returned to the Ohio Department of Insurance in April 2011 as Chief Legal Counsel. Garber is the Department's top legal advisor and directs the agency's legal services operations.

Garber has an extensive public service and insurance background. He began his legal career as a Franklin County Assistant Prosecutor, specializing in violent felony offenses and was a member of the white collar crime unit. Garber has also served as an Assistant Attorney General in the Office of the Ohio Attorney General, representing the Department of Public Safety's Ohio Investigative Unit.

He began his insurance career at the Department in 2000 as staff counsel assigned to the Market Conduct Unit. Garber also spent eight years with Nationwide Mutual Insurance Company, providing legal support on matters involving underwriting, claims handling, product development, litigation, strategic planning, performance metrics, and internal controls.

Garber received an accounting degree from The Ohio State University Fisher College of Business in 1987 and earned his Juris Doctorate from the University of Toledo College of Law in 1991. He is also a Certified Public Accountant (inactive).

Key Department Staff

Steve Martindale, Chief Regulatory Officer

Steve Martindale returned to the Ohio Department of Insurance in April 2011 as Chief Regulatory Officer. He is responsible for leading the agency's solvency regulation functions, which include: risk assessment (financial regulation and market regulation), product regulation, actuarial services, fraud, enforcement, and agent licensing.

Martindale came to the Department with extensive insurance industry and executive success in developing common sense solutions and creating efficiencies. When he served as the Department's first Chief Financial Analyst from 2001 to 2005, Martindale was instrumental in developing a risk-focused surveillance approach that was later adopted by the National Association of Insurance Commissioners (NAIC).

As a Chief Financial Officer on the private sector side, Martindale most recently provided business owners with cash flow, operations, accounting and revenue system solutions. Additionally, as a regulatory consultant, he provided treasury, cash management, and regulatory accounting support as a member of the receivership team that led the successful rehabilitation and sale of a life insurance company. Martindale has also served as Vice President of Corporate Governance for ProCentury Corporation, Audit Manager for KPMG, Investment Accounting Manager for Nationwide, and Financial Reporting Accounting Manager for Motorists Mutual.

Martindale, who earned a Bachelor of Arts degree in Accounting and Business Administration from Otterbein College, is a licensed certified public accountant. He is a member of the American Institute of Certified Public Accountants and the Ohio Society of Certified Public Accountants.

Key Department Staff

Chris Brock, Assistant Director of Communications

Chris Brock was named Director of Communication for the Ohio Department of Insurance in September 2011. Brock oversees communication strategy and planning while coordinating communication activities for the Department. He joined the Department as a member of the policy team and was quickly promoted to Director of Communication. Recently, he was also named Director of Communication for Lt. Governor Mary Taylor.

Brock joined the Department in April 2011 as the Exchange Outreach Coordinator, responsible for policy and outreach for health insurance exchange planning.

Prior to the Department, Brock worked for the Ohio Chamber of Commerce as Manager of Grassroots Advocacy where he led the Chamber's grassroots efforts on issues important to Ohio employers and employees. Brock has also served as the Communications Assistant to the Speaker of the Ohio House of Representatives.

Michelle Rafeld, Assistant Director of Fraud, Enforcement & Licensing

Michelle Rafeld was named Assistant Director of Fraud, Enforcement and Licensing at the Ohio Department of Insurance in 2007. Rafeld oversees the licensing of insurance agents and agencies seeking to do business in Ohio, as well as the investigation of unlicensed insurance activity, agent misconduct and insurance fraud.

Before joining the Department, Rafeld worked for the Ohio Bureau of Workers' Compensation in their Special Investigations Division. She has worked in the insurance industry since 1990 and has more than 18 years of experience investigating insurance fraud.

Rafeld is actively involved with a number of working groups formed by the National Association of Insurance Commissioners and currently serves as Chair of the Anti-Fraud Task Force Seminar and Training Committee.

Key Department Staff

Jana Jarrett, Assistant Director of Consumer Affairs

Jana Jarrett was named the Ohio Department of Insurance's Assistant Director of Consumer Affairs in April 2010. Consumer Affairs assists consumers on the phone, through Internet communications, written correspondence and in one-on-one meetings. Other activities of the division include meeting insurance industry professionals and managing the Missing Life Policy Search program.

Jarrett joined the Department in 2001 as an Insurance Complaint Analyst with Consumer Affairs, where she served for five years before moving into the Enforcement Division. In that capacity, Jarrett held the position of Insurance Investigative Officer prior to taking on the role of Investigations Supervisor in 2008.

Jarrett worked in the insurance industry for five years before coming to the Department.

Matt Elston, Assistant Director of Product Regulation & Actuarial Services

Matt Elston joined the Ohio Department of Insurance in August, 2010 as a Health Actuary and was named Assistant Director of Product Regulation and Actuarial Services in early 2012. Elston oversees the review of the full range of rate, rule, form and reserve filings for all insurance products regulated by the Department. He is also responsible for determining the validity of insurance entity contract, rate, and reserve structure and ensures compliance with applicable laws, regulations, department bulletins, and policies. Elston and his staff work closely with the Department's Office of Risk Assessment, which monitors the financial health of Ohio-domiciled insurance companies.

Elston came to the Department from Nationwide Insurance where he spent 15 years developing health insurance products, managing health insurance premium rates, developing annuity products, and forecasting annuity financial results. At the Department, Elston also works closely with Executive staff, helping craft language for proposed legislation and other regulatory documentation, and provides critical analysis of different health insurance matters. He also represents the Lt. Governor/Director on committees of the National Association of Insurance Commissioners in the development of uniform model acts and regulations, analysis of industry issues and proposals to address current issues.

Elston completed his actuarial studies at The Ohio State University graduating summa cum laude. He is a member of the American Academy of Actuaries and a Fellow of the Society of Actuaries.

Key Department Staff

Jeff Rupp, Assistant Director of Risk Assessment

Jeff Rupp was named Assistant Director of Risk Assessment at the Ohio Department of Insurance in June 2012. He had been filling that role on an interim basis since November 2011. Rupp has more than 26 years of regulatory experience assessing the financial condition of insurance companies. He began his public service career at the Pennsylvania Department of Insurance in May 1986 and joined the Department in November 1990. His primary responsibility involves monitoring the financial solvency of insurers licensed in Ohio.

Rupp spent his first 10 years at the Department as a field examiner, supervising the on-site examinations of numerous Ohio-domiciled insurance companies, generally being assigned to those with financial and operational difficulties and in need of enhanced regulatory oversight. From 2000 to 2004 as Assistant Chief of Regulatory Action, he helped create and develop the Department's regulatory action unit, which designed and implemented a more detailed approach as to how the Department monitors the statutory solvency and regulatory compliance of troubled insurers. Around 2005, Rupp was named Assistant Chief Financial Analyst, primarily responsible for overseeing the comprehensive analysis of the financial condition of Ohio-domiciled property and casualty insurers. He was later named Chief Financial Analyst, thereby assuming responsibility for the oversight of Ohio's domestic life and health industry as well. Rupp played a key role in the Department's Financial Analysis Division recently receiving full accreditation from the National Association of Insurance Commissioners (NAIC).

Rupp graduated from The Pennsylvania State University with a degree in accounting. He earned the Certified Financial Examiner (CFE) designation from the Society of Financial Examiners (SOFE) in 1990 and passed all four parts of the Certified Public Accountant (CPA) examination in 1999.

Accomplishments

Provide Fair and Appropriate Market Regulation

Addressing Agent Misconduct and Insurance Fraud

During fiscal year 2013, the Fraud and Enforcement Divisions received more than 6,893 allegations of agent misconduct and insurance fraud from insurance carriers, consumers, government agencies and law enforcement entities. As the result of the referrals received, the Department opened 1,983 administrative and criminal investigations, identified 639 law violations and took administrative and/or criminal action against 249 individuals. As insurance fraud impacts all Ohioans in the form of excess premiums, the Department will continue to work with federal, state and local prosecutors to bring those who commit insurance fraud to justice.

Department Hosts Fraud Directors Conference

The Department hosted an annual Fraud Directors Conference in October 2012. The three-day conference provided an opportunity for those who investigate agent misconduct and insurance fraud to discuss new trends and investigative techniques. A total of 34 representatives from 22 state insurance departments attended the conference. In addition, fraud representatives from 15 insurance companies participated in a round table discussion with regulators.

Accomplishments

Foster Economic Development

Insuring Ohio's Future Initiative Launched

In March 2013, the Department, the Ohio Board of Regents, Columbus State Community College and the Insurance Industry Resource Council (IIRC) – a collaboration of 13 Ohio insurance companies – launched the Insuring Ohio's Future initiative. This is a collaborative effort to not only highlight the need to fill 17,000 insurance jobs over the next five years but also educate Ohioans about the career opportunities available to college graduates, career changers and veterans. A Columbus State Community College study identified a need for such career paths as claims adjuster and investigator, underwriter, actuary, customer service, IT specialist and other infrastructure positions. Members of the industry and the administration are promoting the Insuring Ohio Futures website www.insuringohiofutures.com as a way to learn about a career in insurance. Lieutenant Governor and Insurance Director Taylor and other key program partners held a series of regional events around Ohio to highlight aspects of the Insuring Ohio Futures program, such as the launch of higher education programs, opportunities for career-changers and outreach to Ohio veterans.

Insurers Showing Interest in Ohio Marketplace

Risk Assessment completed reviews of more than 20 foreign insurance company applications for admission, numerous requests for additional lines of business, several requests for surplus lines authority and one application for trusted reinsurer status. Risk Assessment audited and certified \$502 million in premium and franchise taxes. In addition, Risk Assessment updated its online tax reporting program to pre-populate several amounts maintained in the Department's database, saving significant amounts of time and resources for insurance companies.

Accomplishments

Top Insurance Fraud and Enforcement Cases

Title Insurance Agent Sentenced for \$1 Million Fraud Scheme

Former title insurance agent Steven P. Connolly, of Copley, Ohio, was sentenced in September 2012 to five years in prison and ordered to pay more than \$1 million in restitution. Connolly pled guilty to crimes related to a mortgage fraud scheme. The Department worked jointly with the Federal Bureau of Investigation's (FBI) Canton Office and the U.S. Attorney's Office to bring Connolly to justice. The scheme involved four properties in the Akron and Cleveland areas. Connolly diverted the funds for his own personal use as an Ohio-licensed title agent and the owner of Trident Title and Secura Title. In addition, he misrepresented his earned income during bankruptcy proceedings.

Coshocton Woman Pleads Guilty to Several Charges Related to Ongoing Healthcare Fraud Investigation

Barbara Elise Miller, former owner of Three Rivers Infusion and Pharmacy Specialists in Coshocton, and one of four co-defendants in a more than \$1 million dollar healthcare fraud billing scheme, pled guilty to witness tampering, obstruction of an official proceeding, and concealment of records in US District Court in Cleveland after she deliberately withheld records from law enforcement officials. The four were indicted in early 2010 as the result of a joint investigation involving the Ohio Department of Insurance, Ohio Attorney General's Office, US Department of Health and Human Services, and FBI.

Accomplishments

Cincinnati-area Insurance Agent Sentenced for \$39,000 Theft

Former Ohio insurance agent Cecil Young, of Cincinnati, Ohio, was sentenced in September 2012 to four years of community control with an 18-month suspended jail term in the Hamilton County Court of Common Pleas for theft. He was also ordered to complete 400 hours of community service. Young stole more than \$39,000 from nine Hamilton County-area clients. A Department investigation revealed that Young forged his clients' signatures and made loan requests against their respective life insurance policies during 2009 and 2010. Young diverted the funds from these requests for his personal use. His victims confirmed they had not requested loans against their policies. All of Young's victims have been made whole by their respective insurance companies. The Department revoked Young's Ohio insurance license in December 2011.

Columbus and Dayton-area Roofer Charged with Fraud

An investigation started by the Ohio Department of Insurance and pursued with the assistance of the Internal Revenue Service, the U.S. Department of Housing and Urban Development Office of Inspector General, and the United States Attorney's Office for the Southern District of Ohio resulted in a multi-count indictment against Terrance J. King of Columbus in early 2013. The case arose from a roofing-repair scheme King devised to defraud homeowners, businesses and several public entities.

Owner of Home Improvement Terrance King, LLC, a roofing business operated in Columbus, Dayton and Springfield, King allegedly fraudulently obtained money from insurance companies and his clients. King also allegedly failed to complete promised work. Other allegations against King include filing fraudulent documents to receive subsidized housing assistance, money laundering by using approximately \$153,627.34 obtained from the scheme for personal use, filing false federal income tax returns, and mail fraud.

Accomplishments

Boardman Chiropractor Sentenced for \$33K Attempted Insurance Fraud

Chiropractor David Esarco, of Boardman, was sentenced in March 2013 in the Mahoning County Court of Common Pleas to two years of community control, 60 days of house arrest with work privileges, a \$1,000 fine and ordered to pay court costs for attempted insurance fraud and attempted theft. Esarco made full restitution to the victims. A joint investigation led by the Department with the assistance of the Boardman Police Department and the Mahoning County Prosecutor's Office found Esarco billed insurance companies more than \$33,000 for services that he never rendered to patients at his practice, Esarco Chiropractic and Wellcare.

The Department initiated an investigation in November 2010 after receiving information Esarco was billing private insurance for services not rendered. The investigation, which involved the execution of a search warrant at Esarco's practice, confirmed he falsely billed multiple insurers for such treatments as manipulations and therapeutic exercises. Esarco pled guilty in November 2012 to workers' compensation fraud involving a similar billing scheme.

Convictions Reached in Columbus and Cleveland \$20,000 Insurance Fraud Cases

Two Department insurance fraud investigations led to criminal convictions in the Columbus and Cleveland areas. The cases were related to insurance claim padding totaling nearly \$20,000. Randall Stewart, of Canal Winchester, pled guilty in the Franklin County Court of Common Pleas to a misdemeanor count of insurance fraud. It was discovered Stewart submitted false receipts for alleged personal belongings in an attempt to collect nearly \$11,000 in insurance proceeds from a homeowners insurance claim. Christopher Foxworth, of Cleveland, pled guilty in the Cuyahoga County Common Pleas to one felony count of attempted insurance fraud. An investigation revealed Foxworth submitted false documentation in an attempt to substantiate a camera equipment purchase of nearly \$8,000, allegedly taken during an automobile break-in.

Accomplishments

Provide Excellent Consumer Services

Department Helped Ohioans Save \$26 Million During Fiscal Year

The Department's Office of Consumer Affairs saved or recovered \$13.8 million for Ohioans, received more than 28,000 phone calls, and handled more than 5,575 complaints, the majority of which dealt with insurance claim denial. The Department's Ohio Senior Health Insurance Information Program (OSHIIP) saved Ohioans \$12.2 million by helping them determine the most suitable Medicare coverage for their health care needs. In addition, OSHIIP counseled more than 120,000 consumers to become one of only six states to reach the 100,000 milestone. In all, the program conducted more than 1,800 statewide events. OSHIIP incorporated online training opportunities for its statewide volunteers and conducted monthly educational webinars for consumers and stakeholders about Medicare.

Preparing Consumers and Industry for Ohio's Federally-Run Health Insurance Exchange

The Department prepared a complex list of answers to frequently asked questions, available at www.insurance.ohio.gov, to help the industry, consumers, agents and other stakeholders better understand the transition to Ohio's federally-run health insurance exchange. The initial enrollment period is slated to begin Oct. 1 with coverage becoming effective Jan. 1, 2014, according to the federal government. In addition, the Department's Office of Product Regulation and Actuarial Services conducted industry training on the Affordable Care Act (ACA) and released numerous guidance pieces and checklists to facilitate insurance company rate and form filings.

Accomplishments

ODI Issues Consumer Alert to Combat Health Insurance Scams

The Department issued a consumer alert in May 2013 after reports surfaced that telephone con artists are using the confusion surrounding the Affordable Care Act (ACA) to attempt to steal Ohioans' personal information. The scammers are claiming to be representatives of a health insurance exchange, Medicare or a "government program." The alert explained that specifically in Ohio, scammers are:

- Claiming to be authorized to help people navigate the health insurance exchange created under the ACA and that they need to verify the person's name, address and Social Security number. Health insurance exchange open enrollment does not begin until Oct. 1. The marketing of plans offering coverage through the exchange has not begun
- Claiming to be a Medicare representative and that due to the ACA the person's information needs verified in order to receive a new Medicare card. New Medicare cards are not being issued because of the federal health care law.
- Claiming they need the person's Medicare number to provide them an updated medical emergency alert device. One of the brand names mentioned was Lifeline. Medicare does not cover medical alert devices.

To avoid becoming a victim the Department reminded the public that Medicare and government program representatives do not make house calls or solicit by telephone. In addition, consumers were advised to protect their personal information, to not give out Medicare, Social Security or bank account numbers. Ohioans are encouraged to contact the Department's fraud hotline at 1-800-686-1527 to report suspicious activity.

Accomplishments

Consumer Alert Warns Ohioans of Fake Health Insurance Entity

The Department issued a cease and desist order in May 2013 to United States Contractors Trust (USCT) for selling fictitious health insurance coverage to at least four Ohioans. USCT is not licensed to sell insurance in Ohio and has also recently been ordered to stop its unauthorized insurance business in South Carolina, North Carolina, Vermont, Florida and Maine. USCT is targeting people through the Internet with pre-existing health conditions that are experiencing difficulty finding insurance. Desperate to secure individual or family health insurance, the Ohioans eagerly completed contact information forms on innocuous-looking websites. The victims were then called by a USCT representative and eventually signed-up for what they thought was insurance. The victims agreed to have the monthly premium, ranging from \$200 to \$550, debited from their bank accounts.

The victims' first few claims were paid but thereafter they began to receive unpaid medical bills and calls from medical providers explaining they were having difficulty processing the claim with USCT. When contacted by the victims and medical providers, USCT blamed the mix-up on computer problems and explained the matter would be resolved soon. This back and forth continued for months while money continued to be withdrawn from the victims' checking accounts.

The Ohio Department of Insurance advises potential victims of this scam to take the following immediate steps: Contact your bank and have the automatic premium withdrawals stopped. Then call the Department's fraud hotline at 1-800-686-1527.

Accomplishments

Department's Missing Life Insurance Policy Search Program Finds 270 Matches

The Department's missing life policy program is a comprehensive search service that assists Ohio residents and the families of deceased Ohio residents locate lost insurance policies purchased in the state. The search identifies the existence of any life insurance policies or annuity contracts purchased in Ohio and issued on the life of, or owned by, a deceased person. During fiscal year 2013, the Department received 502 valid search requests, which resulted in 224 policies being matched with their rightful beneficiaries. The Department forwards search requests and supporting documentation to all Ohio-licensed insurance companies for the search to be initiated.

New Consumer Guides Help Make Insurance Easier

The Department unveiled new consumer guides in October 2012 that explain insurance in a simple-fashion and help Ohioans make confident, smart insurance coverage decisions for themselves and their family. The dynamic downloadable guides, available at www.insurance.ohio.gov, cover auto, homeowners, health, life and annuities, long-term care and Medicare insurance. Hard copy requests can also be made on the website and by calling the Department's consumer hotline at 1-800-686-1526, where experts can also answer any insurance questions. The guides address many insurance topics including consumers' rights, explanation of coverage, cancellation and non-renewal, answers to common questions, filing a complaint, appealing coverage denial and include shopping tips.

Accomplishments

LeanOhio's Kaizen Events Creating Greater Department Efficiencies

The Department's Consumer Affairs and Licensing Divisions participated in a series of LeanOhio Kaizen events that have led to greater operational efficiencies. Many state agencies are dramatically improving their core businesses processes – reducing process times, decreasing costs, and increasing customer satisfaction – by using the principles, tools and strategies learned during the Kaizen sessions.

The Consumer Affairs Division continued to utilize the improvements put in place through the LeanOhio Kaizen process. During the recent series of collaborative sessions to best map work flow and staff interaction, more than 56 improvement ideas were evaluated, which significantly reduced the steps involved in the complaint review and communications process. Over the past year, the Consumer Affairs Division closed 3,417 cases in an average of 31 days.

An Ohio law change that went into effect in 2011 drastically increased the number of license applications coming into the Department's Licensing Division each year. During a five-day event, a ten-person team comprised of Department and insurance industry representatives used LeanOhio Kaizen tools to construct a new process. The Licensing Division has since reduced licensing application backlogs, shortened processing time, and become even more efficient. Combined with an additional recently-completed, process-improvement project, the Licensing Division has reduced the ratio of licenses renewed late versus renewed on-time for the January 2012 thru April 2012 average of 18.8% to 5.9% for the May 2012 thru January 2013 average. This represents a 68.6% improvement.

OSHIIP Holds Statewide "Welcome to Medicare" Events

The Department's Ohio Senior Health Insurance Information Program (OSHIIP) held 18 "Welcome to Medicare" events in 17 counties in 2013. The events helped new and soon-to-be beneficiaries understand the basics of Medicare. At the events, people learned about the important deadlines and benefits Medicare provides, Medicare Advantage plans, supplemental health insurance, and prescription drug coverage. Information was also available regarding financial assistance programs that help pay for Medicare's Part B premium and about out-of-pocket expenses associated with prescription drug costs.

Accomplishments

Directive Issued to Assist Ohio Storm Victims

A bulletin was issued by the Department in July 2012 to Ohio insurance companies requesting they allow policyholders to defer premium payments and extend time constraints for taking action. This request to insurers derived from the Federal Emergency Declaration for the state due to storms that occurred on June 29, 2012 and was applicable to all Ohioans who had experienced a loss. The bulletin, 2012-02, stated that insurance companies were to give those who had been directly impacted by the storms 60 days from the date the premium was due to pay their premiums, interest free. The bulletin expired on September 30, 2012.

Web-based System Allows Education Providers to More Easily Submit CE Credits

In early 2013, the Department developed a web-based tool allowing continuing education (CE) providers the ability to submit class rosters and CE credits directly to the Department. Previously, providers submitted the information to a third party vendor, who then reported the credits to ODI. The implementation of this tool streamlines the overall CE process and helps the Department process resident agent renewal applications in a more timely fashion. The website also was enhanced so individuals are able to more efficiently query pre-licensing and continuing education courses. Prior to the rollout of the system, a third-party vendor offered course listings on the Department's behalf.

New Cost-Saving System Allows Agents and Agencies to Print Licenses

The Department established a system to allow agents and agencies to print their own licenses and continuing education transcripts from the Department's website, saving the state time and resources. The documents can be immediately downloaded online at www.insurance.ohio.gov in a secure PDF format then printed or saved to a computer.

Accomplishments

CSI-4-ODI a Driving Force Behind Department Improvements

The Department continued its own version of the Common Sense Initiative, put in place by Governor Kasich and Lt. Governor and Insurance Director Taylor, called CSI-4-ODI. It allows employees to submit cost-saving and process-improvement suggestions. The CSI-4-ODI committee consists of 17 employees who review submitted suggestions and decide whether they are feasible to put into action. The program led to several accomplishments, such as the agency's paperless timekeeping process, and the dynamic web-based employee training status report.

Fiscal Passes Audit With No Findings

Providing quality customer service also involves the Department's Fiscal Division handling the agency's financial transactions in a timely and accurate manner. A State of Ohio Auditor's Office review of the division's operation during the fiscal year resulted in no negative findings. The Auditor's Office determined the division's processes are lean and effective.

Accomplishments

Provide a Competitive Marketplace

Ohio's Auto and Homeowners Insurance Premiums Among Lowest in the U.S.

Ohio's average auto and homeowners insurance premiums again ranked among the lowest in the nation, the Department announced in early 2013. According to 2010 calendar year data, the most recent available from the National Association of Insurance Commissioners (NAIC), Ohioans paid the ninth lowest average auto insurance premium of \$619. The state ranked 10th in 2009. Ohio's average homeowners insurance premium of \$624 once again ranked sixth nationally. The NAIC concluded the national average premium for auto insurance was \$791 and \$906 for homeowners insurance. The average homeowners insurance premium is a weighted average of all the policy forms. It is determined by dividing the total premium for a state by the number of insured homes.

Insurance Department Initiates \$39 Million Multi-State Settlement

The Department announced a settlement in November 2012 between National Union Fire Insurance Company (NUFIC) of Pittsburgh, PA and several other lead state insurance regulators. The agreement was reached following a multi-state examination (MSE) and requires NUFIC to pay an initial fine of \$39 million to state regulators for a number of failures that compromised consumer protection. State regulators will split the \$39 million settlement agreed to by NUFIC. Ohio's share will be at least \$1.3 million, plus an additional \$100,000 fee for serving as a lead state regulator during the MSE. NUFIC is a Pennsylvania domiciled company which is a part of the AIG group and its direct parent is Chartis, Inc.

An initial examination opened by the Department led to discoveries prompting the MSE. Some of the problems identified by Ohio and other lead states regarding accident and health insurance related business include: product development, rate and form filings, and marketing; actuarial procedures and premium allocation; licensing of agents and claims personnel; claims processing; vendor oversight; training of personnel; handling of consumer complaints; and use of trusts, record retention, IT issues, among others.

As a result, the settlement with NUFIC also requires changes to its business practices through a Corrective Action Plan (CAP). Should the terms of the CAP not be met, additional administrative penalties could be levied by state regulators. The company will undergo a two year monitoring period with state regulators as part of the settlement. At the end of the monitoring period, a comprehensive market conduct examination will be conducted.

Accomplishments

Licensing Division Concludes Two-Year License Renewal Conversion

On December 31, 2012, the Department concluded its two-year conversion from a perpetual license system to one where agents and agencies are required to renew their Ohio insurance license every two years. During the course of the conversion, 133,881 individual agents and agencies renewed their Ohio insurance licenses. A total of 53,950 agents and agencies renewed their licenses in 2011 while 79,931 agents and agencies renewed their licenses in 2012. In addition, a total of 61,374 initial licenses were processed over the same two-year period.

License Fees for Insurance Agents and Agencies Lowered

The Department announced a rule change effective Jan. 1, 2013, lowering specific licensing fees. The fee Ohio agents and agencies are required to pay for a late renewal of their license was decreased from \$100 to \$50. The license reinstatement fee was additionally decreased from \$300 to \$100. If a license holder does not renew their license by their expiration date, they are given a one month grace period to do so. However, a \$50 late fee is required to be paid. Once a license is suspended for non-renewal, a license holder has one year from the date of their original license expiration date to submit an application and pay the \$100 license reinstatement.

Agents and agencies that hold major line, limited line and/or title insurance licenses are required to renew their license every two years. All other types of license must be renewed annually. In addition, agents and agencies are required to notify the Department of contact information changes within 30 days of taking place. The changes can be submitted electronically via the Department's website at www.insurance.ohio.gov.

Accomplishments

Tax Lien Program Nets More Than \$8 Million

The Department's agent tax lien program has collected more than \$8.2 million in unpaid income tax, sales tax and workers compensation premium payments, through May 2013. Lt. Governor/Director Taylor introduced the program in May 2011 to recover funds that belong to the state and its citizens. As a result of the project, more than 444 agents and agencies have come into compliance with Ohio laws. License holders with outstanding tax liabilities work with representatives from the Department and the Attorney General's Office to enter into consent orders and payment plans. The project has transitioned into a sustaining program involving the Department of Taxation's Tax Discovery Division and the Collection Enforcement Division of the Attorney General's Office.

Seventh Annual Ohio Medical Professional Liability Closed Claim Report Issued

The Department issued its seventh annual Ohio Medical Professional Liability Closed Claim Report. A total of 3,094 medical professional liability claims were closed in 2011, according to data collected from entities providing medical professional liability coverage to Ohio health care providers and health care facilities. During the seven years since reporting started, total annual claims have steadily decreased from approximately 5,000 in 2005 to around 3,000 in each of the last four years. The report is available at www.insurance.ohio.gov.

Ohio law requires all entities that provide medical professional liability insurance in Ohio - including authorized insurers, surplus lines insurers, risk retention groups and self-insurers - to annually report closed claim data to the Department. Claims are reported to the Department and included an analysis based on the year in which they reach final outcome. The specific data filed by each reporting entity is confidential and is not subject to public record requests. The Department is required to prepare an annual report summarizing the closed claims on a statewide basis.

Accomplishments

Risk Assessment Closely Monitoring Insurance Companies

The Department's Risk Assessment operation completed all reviews of insurers' quarterly and annual financial statements within timeframes prescribed to the Department by the National Association of Insurance Commissioners (NAIC) and met all other accreditation standards. In addition, Risk Assessment reviewed approximately 460 company transactions, including several significant mergers, acquisitions and re-domestications, and completed financial examinations of 68 Ohio domestic insurers. It also initiated participation in multi-state market conduct examinations of several domestic life insurers regarding life settlement policies and practices. Through May 31, 2013, the division received approximately \$5.1 million in fines and/or administrative penalties resulting from participation in several multi-state market conduct examinations.

Continuing Education and Professional Development a Focus for Risk Assessment and Actuarial Services Staffs

The Risk Assessment staff, which analyzes the financial solvency of Ohio-licensed insurance companies, continues to make issue engagement, staff continuing education and professional development a central focus. Members of the staff currently serve as Chair of the National Association of Insurance Commissioners (NAIC's) Statutory Accounting Principles Working Group and Examination Oversight Task Force. In addition, several staff members passed APIR/PIR, AFE/CFE, CPCU, LOMA and other insurance courses working toward various designations. The staff, via semi-annual seminars, received 40 hours of continuing education on the latest industry topics and trends. Actuarial Services' team members passed actuarial examinations and attained Associateship in the Society of Actuaries.
