Director's Message

Ohio is Leading the Way

A critical and high-growth industry, Insurance is a key driver of Ohio's economy with more than \$23 billion of the state's gross domestic product tied to insurance. Ohio's insurance market ranks 6th largest in the country and 19th in the world by premium volume. In addition, more than 108,000 Ohioans work for Ohio insurers and a recent study indicates by 2024 approximately 29,000 new jobs will be available in insurance.

We take pride at the Ohio Department of Insurance in regulating Ohio's approximately 1,700 insurance companies – 260 of them headquartered in the state – in a way that first and foremost protects consumers, while also providing stability and predictability in the market to foster competition and growth. More competition in the market helps produce some of the lowest rates in the country. The industry is strong, and this is important as technology-driven innovation is bringing rapid change, and new challenges and opportunities.

As a regulator, it is an exciting time as new trends and demands arise. We are working to help create a stable environment for insurers to bring new, emerging products into the market. And as we adapt to the future, we remain laser-focused on the here and now each and every day, assisting consumers, monitoring industry business conduct and solvency, and fighting fraud while also striving to be a catalyst of positive change in issues impacting Ohioans.

To embrace change, leadership is required. We have worked hard to help shape and lead the discussion around many state and federal insurance issues. It is an honor for me to serve on the Executive Committee of the National Association of Insurance Commissioners and as the Chair of the Interstate Insurance Product Regulation Commission. Both organizations formulate consumer protection and insurance regulation standards, and policies that are adopted by all 50 states. In all, department staff serve on more than 20 national committees and task forces addressing crucial insurance topics.

Director's Message

We are in the midst of a time when the Ohio insurance industry is growing, innovating, adapting, and leading not only in the United States but also globally. We will continue our work regulating the market of today while also working to align our regulatory framework with the market that will exist tomorrow.

Sincerely,

A handwritten signature in black ink that reads "Jillian Froment". The signature is written in a cursive, flowing style.

Jillian Froment
Director

About the Ohio Department of Insurance

The Ohio Department of Insurance provides consumer protection through education and fair but vigilant regulation while promoting a stable and competitive environment for insurance companies.

The department is charged under Ohio Revised Code Chapters 17 and 39 with the responsibility of regulating the activities of 1,662 insurance companies – nearly 260 of them domiciled in Ohio – that write more than \$95 billion in premiums. The department also monitors the conduct of approximately 231,723 insurance agents and 18,689 insurance agencies doing business in Ohio.

In addition, the department examines the financial soundness of insurance companies as well as investigates consumer complaints and insurance fraud. Further, the department determines if services and benefits offered by companies are consistent with insurance policy provisions and Ohio law, reviews and approves more than 6,200 company filings per year for life, accident, health, managed care, and property and casualty policy forms and rates.

The Director of Insurance, who is appointed by the Governor, heads the department, which employs approximately 241 full-time permanent staff.

Department Leadership

Jillian Froment, Director

Carrie Haughawout, Deputy Director

Meredith Alexander, Assistant Director, Legislative Affairs

Amanda Baird, Assistant Director, Legal

Chris Brock, Assistant Director, Public Affairs

Tynesia Dorsey, Chief Administrative Officer and Director of Consumer Relations

Jana Jarrett, Assistant Director, Consumer Affairs

Laura Miller, Assistant Director, Product Regulation and Actuarial Services

Todd Oberholtzer, Assistant Director, Regulatory Compliance

Dwight Radel, Assistant Director, Risk Assessment

Michelle Rafeld, Assistant Director, Fraud and Enforcement

Department Divisions

Agent Licensing

Agent Licensing issues licenses to insurance agents, agencies, managing general agents, public insurance adjusters, reinsurance intermediaries, surety bail bond agents, surplus lines, third-party administrators, title, and viatical settlement brokers. Agent Licensing also oversees insurance pre-licensing, testing, and continuing education compliance.

Captive Insurance

The Office of Captive Insurance provides a structured regulatory process for the initial evaluation, licensing, reporting, analysis, and examination of captive insurance companies domiciled in Ohio. Captives are a form of self-insurance and a risk management tool for businesses. The office establishes standards for business and professional support organizations that work with captive entities. It also reviews captive insurance company strategies and their execution to assess and evaluate operational success and financial strength.

Consumer Services

Consumer Services representatives respond to a variety of insurance inquiries from consumers and investigate complaints against insurance companies and agents.

Ohio law gives insurance consumers the right to file a complaint against insurance companies, health maintenance organizations (HMOs), insurance agents and adjusters related to automobile, homeowners, renters, certain health, life, annuities, nursing home, credit life, credit disability and pet insurance. The different types of insurance complaints received from Ohioans are often regarding cancellations, refunds, sales practices, misrepresentation, claim, and benefit disputes.

When Consumer Services receives a complaint against an insurance company, a Consumer Service representative communicates with the company requesting an explanation of its position. The representative will review the company's response to make sure the issue was correctly addressed in accordance with the policy, state insurance laws, and administrative rules, before explaining the outcome of the investigation to the consumer.

Department Divisions

Consumer Services also manages an external review process that provides consumers the opportunity to request a contractual review to challenge an adverse health insurance benefit determination and to appeal, through an independent review organization, the denial, reduction, or termination of certain health care services made by their plan.

Consumers receive assistance from Consumer Services through a toll-free hotline, written correspondence, social media, community outreach, and individualized meetings. Consumer Services also helps monitor companies' compliance with Ohio insurance laws and regulations.

Executive

The Office of the Director includes policy, legislative affairs, and communications staff. Staff oversee agency operations, develop policies on insurance matters, work in collaboration with the Ohio General Assembly and the United States Congress, engage with stakeholders, and manage the department's internal and external communication, including public education initiatives.

The Legal Services, Information Technology and Security, Fiscal and Human Resources teams handle important support functions at the Ohio Department of Insurance.

Legal Services manages regulatory transactions, administers public hearings on insurance agent and company license and enforcement issues, and provides legal assistance to other department divisions.

Information Technology and Security assists the department's regulatory oversight responsibilities through the design, implementation and maintenance of technology infrastructure and programs. Staff also are involved with facility management and security.

Fiscal and Human Resources provide operational support handling accounts payable and receivable, budgeting, payroll, and staffing

Department Divisions

Fraud and Enforcement

Fraud and Enforcement is responsible for investigating allegations of unlicensed insurance activity, agent misconduct, and insurance fraud. Fraud and Enforcement is classified as a criminal justice agency, and is able to work jointly with other state, federal, and local regulatory and law enforcement agencies when allegations are multijurisdictional in nature. In addition to investigating licensed insurance agents and agencies, staff also investigate consumers, medical providers, and third parties suspected of defrauding Ohio insurance companies. Confirmed insurance law violations are referred for administrative and/or criminal prosecution, and staff offer testimony regarding investigations conducted.

Market Conduct

Market Conduct monitors insurance company compliance with Ohio insurance laws and regulations by examining their business practices such as underwriting, marketing, and claims handling. Staff are responsible for gathering industry information from a variety of sources, including consumer complaints, company filings, and the National Association of Insurance Commissioners. The information is analyzed to determine if companies need further scrutiny. Market Conduct can require companies to take corrective action.

Medicare Services

The Ohio Senior Health Insurance Information Program (OSHIIP), funded in part by a federal grant, provides Ohioans receiving Medicare and their caregivers with objective health insurance information, individual counseling and complaint resolution. OSHIIP staff and a statewide network of certified counselors educate consumers about Original Medicare, Medicare supplemental insurance, Medicare prescription drug coverage, Medicare Advantage plans, Medicare Savings Programs, subsidies, long-term care insurance, and other health insurance matters.

Department Divisions

Consumers receive assistance through a toll-free hotline, face to face local counseling, local educational seminars, webinar series, print materials, community involvement, and social media. OSHIP resolves complex casework, enrollment and coordination of benefit issues for Ohio's aged and disabled population.

OSHIP has a dynamic statewide partnership and outreach program and has been recognized as a nationally for excellence and performance.

Product Regulation and Actuarial Services

Product Regulation and Actuarial Services reviews policy forms, endorsements, contractual provisions, and manual rules and rates for products marketed to Ohio consumers by Ohio licensed property and casualty, life and health insurance companies, and their related lines of insurance business. Policy language is reviewed for clarity and compliance with Ohio laws and rules. Rates are reviewed to ensure they are not excessive, inadequate or unfairly discriminatory. Staff participate in risk assessment examinations to evaluate monetary reserves to pay claims, pricing, underwriting and other insurance company financial risks.

Risk Assessment

Risk Assessment monitors the financial solvency of Ohio-based (domestic) insurance companies and monitors and coordinates regulatory oversight of the financial condition of out-of-state (foreign), international (alien), surplus lines, and captive insurers.

Staff analyze financial information provided by Ohio-licensed insurance companies and review complex transactions. They also calculate and certify to the State Treasurer of Ohio the domestic and foreign insurance premium tax owed to the state. In addition, Risk Assessment monitors company statutory and solvency compliance. Examinations of an insurer's financial condition and affairs are conducted as often as the Director of Insurance deems appropriate, but at a minimum of once every five years as required by statute.

Department Priorities and Objectives

Priorities

- Foster Economic Development – Enhance Ohio’s ability to attract and retain insurance businesses and jobs for Ohioans through regulatory reform while ensuring a stable insurance market for consumers. The department will review existing rules and regulations to promote flexibility, balance, transparency and consistency.
- Provide Fair and Appropriate Market Regulation – Investigate persons or entities who commit insurance fraud or are suspected of violating Ohio’s insurance laws, including those laws regarding unfair or deceptive practices. The department will provide a regulatory response that is reasonable, appropriate and proportional.
- Provide Excellent Consumer Services – Empower consumers to make informed insurance purchasing decisions by providing educational information, training and consultation. The department will assist consumers who encounter difficulties by answering inquiries and investigating and resolving complaints.
- Foster a Competitive Marketplace – Provide a regulatory environment that supports a competitive and stable insurance market for consumers. The department will assess solvency and review statutory filings of Ohio-based companies, as well as rate and policy form filings from all companies licensed in Ohio. The department will also perform audits of non-Ohio based companies and review business practices of all companies licensed in Ohio.

Department Priorities and Objectives

Objectives

- Monitor the financial solvency of insurance companies and health insuring corporations operating in Ohio, and assure that companies operating in Ohio are stable and sound.
- Provide consumers with education on insurance matters, coverage options and issues of interest to seniors.
- Provide consumers with assistance regarding insurance coverage and claims-related concerns.
- Monitor insurance sales, claims handling activities, and insurance company interactions with policyholders to ensure they are fair and comply with Ohio law.
- Investigate fraud and misconduct in a thorough and professional manner.
- Protect Ohio's senior population from predatory sales practices by strengthening regulatory measures, educating seniors, and continuing partnerships with organizations that serve senior citizens.
- Provide staff educational and training opportunities to enhance their insurance knowledge in order to effectively monitor a complex and ever-changing insurance industry.
- Continue efforts in overseeing the licensure and education of insurance agents.
- Maintain a leadership role in the National Association of Insurance Commissioners, the US standard-setting and regulatory support organization created by the chief insurance regulators from the 50 states, the District of Columbia and five U.S. territories.
- Continue national integration of an enterprise system to facilitate e-commerce with business constituents and allow Ohio to comply with the reporting requirements of the National Association of Insurance Commissioners.

Department Accomplishments

Provide Excellent Customer Service

Consumer Affairs Saved or Recovered More Than \$5.6 Million for Consumers

The Ohio Department of Insurance's Office of Consumer Affairs saved or recovered \$5,613,571 for Ohioans, received 20,098 inquiries, and handled 6,047 complaints. The top complaint reasons were for claim denial and claim delay while the coverage types most complained about were health insurance and automobile insurance. Consumer Services provides free information and services related to all types of insurance, through its website, toll-free hotlines, community outreach, and counseling.

Medicare Education Program Generated Savings of \$31 Million for Ohioans

The Ohio Department of Insurance's Ohio Senior Health Insurance Information Program (OSHIIIP) saved Ohioans \$31 million by helping people realize suitable Medicare coverage options, available financial assistance programs, and claims recovery. OSHIIIP provided individual counseling to more than 257,500 consumers. A total of 315,000 consumers received personal assistance at OSHIIIP's statewide outreach activities, which included the Welcome to Medicare and Medicare Check-up events, and live broadcast on social media.

Expanded Mental Health and Substance Abuse Disorder Insurance Information Toolkit

Health insurance coverage for mental health and substance abuse disorder can be difficult to understand. The Ohio Department of Insurance expanded its toolkit that contains information simplifying the topic's complexities and to make the insurance aspect easier to navigate for consumers.

The department is tasked with regulating and enforcing laws related to the business of insurance. It oversees insurance policies, premium rates, company solvency and helps consumers that have questions or complaints regarding their insurance coverage. Specifically related to mental health and substance abuse disorder and insurance, oversight takes many forms and involves several divisions at the department.

Department Accomplishments

Seniors Alerted to Beware of DNA Testing Scam

The Ohio Department of Insurance and the Ohio Department of Aging warned Ohioans of a scam targeting seniors involving genetic testing firms visiting senior communities or making unsolicited phone calls and mailings related to DNA screenings.

In the scheme, which was reported in Ohio and other states, firms reportedly collect consumers' personal information under the pretense of DNA testing to screen them for cancer, Alzheimer's, or other life-threatening diseases. Victims were told that Medicare will cover the cost of their testing. However, Medicare provides limited coverage for DNA testing (which is why consumers should consult their health care providers). As part of the scam, consumers often are asked for their Medicare card number and Social Security number.

Assisted Insurance Consumers Recovering From Severe Weather Damage

The Ohio Department of Insurance worked closely with the Ohio Emergency Management Agency to assist Ohioans with insurance matters recovering from severe weather damage. In addition, the department issued an industry bulletin advising insurance companies with policyholders in disaster declared counties to allow policyholders to defer premium payments coming due and to extend any provision imposing time constraints in which policyholders must take certain action.

Missing Life Insurance Policy Search Service Found 121 Matches

The Ohio Department of Insurance received 484 valid search requests for lost life and annuity insurance policies. The searches resulted in 121 policies matched with their rightful beneficiaries. The search identifies the existence of any life insurance policies or annuity contracts purchased in Ohio and issued on the life of, or owned by, a deceased person.

Department Accomplishments

Urged Consumers to Carefully Evaluate Short-Term Health Insurance

Due to new federal government rules increasing the availability of temporary health insurance products known as short-term health plans or limited duration plans, the Ohio Department of Insurance issued a consumer alert urging consumers interested in these products to complete a careful evaluation. Short-term health plans can be a viable option for consumers, but the product often provides less coverage and lower coverage amounts compared to the more comprehensive Affordable Care Act qualified coverage. The department also issued an industry bulletin clarifying the obligations to insurance companies offering short-term health plans in Ohio.

Consumer Alert Issued to Warn Consumers of Bogus Healthcare Scam

The Ohio Department of Insurance warned Ohioans of an insurance fraud scam involving individuals posing as representatives of Dayton-based Premier Health Plan. Consumers were warned that the individuals behind the scam were trying to steal consumers' bank account information and money, and had no intention of providing health insurance.

While Premier Health Plan stopped offering health insurance products in April of 2018, consumers from across the country reported receiving automated calls selling Premier Health Plan insurance. Some consumers received "premium" invoices in lieu of a call, or noticed unauthorized charges on their bank accounts.

Consumers Warned To Be Skeptical of "Free Meal" Seminars

The Ohio Department of Insurance cautioned Ohioans to be skeptical of free meal seminars related to insurance and financial products or services. Consumers were warned that attendees can find themselves being encouraged – and even pressured – to make a purchase during or after the event, even though the seminar was marketed as being informational.

Department Accomplishments

Foster Economic Development

Insurers Enter Ohio Market, \$640 Million in Premium and Franchise Taxes Certified

The Ohio Department of Insurance completed reviews of nine Ohio-based and 20 out-of-state insurance company applications for admission to the Ohio market, 23 requests for additional lines of business, nine requests for surplus lines of authority, one applications for accredited reinsurer status, and two applications for certified reinsurer status. Reviews on more than 35 insurance company amendments were completed. A total of \$640 million in premium and franchise taxes were certified.

Ohio's Captive Market Wrote \$631 Million in Premiums

Captive insurance companies wrote \$630.6 million in premiums generating \$559,000 in premium-based fees, and \$4,650 in combined licensing and renewal fees during the fiscal year. Captive insurance is a form of self-insurance and a risk management tool for businesses. Seven captive insurance companies have received licensure from the Ohio Department of Insurance.

Department Accomplishments

Provide Fair and Appropriate Market Regulation

Director Jillian Froment Served in Prominent National Leadership Roles

Ohio Department of Insurance Director Jillian Froment served in prominent leadership roles in 2019 for two national insurance organizations focused on consumer protection and the modernization of state insurance regulation.

Froment was re-elected to chair the Interstate Insurance Product Regulation Commission, also referred to as the Insurance Compact. In addition, she was elected as secretary treasurer of the National Association of Insurance Commissioner's (NAIC) Midwest Zone. Officers in the Midwest Zone also serve as members of the NAIC's executive committee – the group responsible for setting priorities and strategic planning for the NAIC.

The Insurance Compact, a collection of most U.S. states, ensures consumer safeguards are in asset protection insurance products such as for life insurance, annuities, disability income and long-term care insurance.

Through the NAIC, state insurance regulators establish standards and best practices, and coordinate their regulatory oversight.

Collaboratively Addressed Critical State and Federal Insurance Issues

Ohio Department of Insurance staff served on a total of 22 National Association of Insurance Commissioners committees and task forces in 2019 to address important issues associated with consumer protection, product pricing, fraud, financial monitoring of insurance companies, and technology.

Ohio served as Vice-Chair of the Financial Regulation Standards and Accreditation Committee, which is responsible for ensuring all state departments of insurance are equipped to carry out their duties in

Department Accomplishments

regulating the industry. The committee conducts an accreditation of each state insurance department review on a five-year rolling basis. Ohio also served as Chair of the Examination Task Force and Vice-Chair of the Life Actuarial Task Force.

The NAIC is a national organization of insurance regulators whose main objective is to provide support to insurance regulators across the country by promoting competitive markets, improvement of insurance regulations, and equitable treatment of insurance consumers.

Investigated Insurance Fraud and Professional Misconduct to Protect Ohioans

Insurance fraud impacts all Ohioans in the form of excess premiums. The Ohio Department of Insurance works with federal, state, and local prosecutors to bring those who commit insurance fraud to justice.

The department's Fraud and Enforcement Division received more than 7,874 allegations of agent misconduct and insurance fraud from insurance companies, consumers, government agencies, and law enforcement entities. As the result of these referrals, the department opened 1,591 administrative and criminal investigations, identified 285 potential law violations and took administrative and/or criminal action against 254 individuals.

Common insurance fraud allegations in Ohio involve false and inflated homeowner and automobile insurance claims, as well as allegations of staged auto accidents, car thefts, burglaries, arson, intentional damage to property, slip and fall claims, and fraudulent billings by medical providers.

Enforcement allegations commonly received and investigated include premium theft, unauthorized surrenders made against a consumer policies, submission of forged applications, financial exploitation of seniors, intentional misrepresentation of insurance products, annuity suitability, title agent escrow theft, bail agent misconduct, and unlicensed insurance activities.

For information about actions taken by the department visit www.insurance.ohio.gov.

Department Accomplishments

Top Fraud and Enforcement Cases

Former Clinton County Insurance Agent Jailed For Defrauding Insurance Company

Former insurance agent Jacqueline Bickel pleaded guilty to charges of grand theft, telecommunications fraud, forgery, possession of criminal tools, and insurance fraud in the Clinton County Common Pleas Court in January. Evidence showed she submitted more than 60 fraudulent policies to an insurance company in order to receive nearly \$15,300 in fraudulent advance commissions. Bickel was sentenced in April and ordered to serve six months in jail, then two years on probation, and pay restitution to the insurance company.

Couple Convicted of Selling Fake Pain Cream in Healthcare Fraud

Columbus residents Amy Kirk and her fiancé Ryan Edney appeared in United States District Court for the Southern District of Ohio in February and pleaded guilty to one federal count of conspiracy to commit healthcare fraud. An investigation found the couple billed Medicaid, Medicare, and private insurance companies for bogus compound creams provided to City of Columbus employees and first responders. Kirk was a nurse practitioner at Pain Management Consortium of Ohio and her fiancé was the president of RX Health Solutions, LLC. As part of their plea, the couple agreed to repay \$751,809 in restitution.

Insurance Agent/Investment Advisor Sentenced For Ponzi Scheme

Former insurance agent and investment advisor John Gregory Schmidt, of Bellbrook, Ohio, was sentenced in Montgomery County Common Pleas Court in June. He was ordered to serve five years in prison and pay \$34,446 in restitution to one remaining victim. Upon being released from prison, Schmidt is required to serve five years on probation. A joint investigation by the Ohio Department of Insurance and the Ohio Department of Commerce revealed that Schmidt withdrew money from established client accounts and/or annuities, had the money routed to his office and deposited the checks received into various client brokerage accounts without his client's knowledge or consent. To hide his activities, Schmidt issued several clients alternate account statements that contained incorrect account information. Evidence showed Schmidt stole nearly \$1 million from his client's accounts.

Department Accomplishments

Cease and Desist Orders Issued Against Insurance Agent

The Ohio Department of Insurance, in April, took action against Milford, Ohio insurance agent Gregory Oliver and his company, Oliver Financial Services Corporation (OFS), citing evidence of misappropriation of more than \$500,000 from Ohio consumers. Schmidt utilized forged documents causing policyholders to designate himself as the beneficiary of annuities he sold. The department issued orders to Oliver and OFS to immediately cease and desist all fraudulent, coercive, and dishonest practices. In addition, the department initiated proceedings to revoke Oliver's ability to operate under Ohio's insurance laws.

Insurance Fraud Conference for Law Enforcement and Insurance Industry Representatives

The Ohio Department of Insurance co-hosted the 2019 Ohio Joint Insurance Fraud Seminar with the National Insurance Crime Bureau, National Society of Professional Insurance Investigators, International Association of Special Investigation Units, and Ohio Auto Theft Investigators Association. Attended by representatives from law enforcement and the insurance industry, the event focused on current trends and legal issues associated with insurance fraud schemes.

State of Ohio Tax Collection Program Surpassed \$22 Million Mark

A program established to collect past due taxes and workers' compensation premiums from insurance agents surpassed the \$22 million threshold. Through a partnership established in 2011 with the Ohio Attorney General's Office and the Ohio Department of Taxation, the Ohio Department of Insurance, on an annual basis, determines if agents are compliant with Ohio laws. License holders with outstanding tax liabilities work with representatives from the Ohio Department of Insurance and the Ohio Attorney General's Office to enter into consent orders and payment plans. Administrative action may be taken against an agent's license if an outstanding judgment lien has been filed against the agent or their organization. Administrative penalties may include revoking, suspending, or refusing to issue an insurance license. Civil penalties can be imposed if an agent or agency fail to comply with any official invoice, notice, assessment, or order directing payment of state income tax, state sales tax or workers' compensation premiums.

Department Accomplishments

Foster Competitive Marketplace

Ohioans Paid Among Lowest for Insurance

Ohioans continued to pay among the lowest average premiums in the nation for auto and homeowners insurance. The National Association of Insurance Commissioners found Ohioans paid an average of \$850 (9th lowest) for homeowners insurance and \$727 (14th lowest) for auto insurance in 2016 (the most recent data available) compared to the respective national averages of \$1,192 and \$936.

Ohio Makes Sweeping Reforms to Protect Consumers and Further Strengthen Ohio's Insurance Industry

The Ohio Department of Insurance announced passage of a number of changes to Ohio law in Senate Bill 273, of the 132nd General Assembly, that will benefit Ohio consumers while further strengthening Ohio's robust insurance market. Among the changes made by Ohio's legislature were sweeping cybersecurity reforms to better protect Ohio consumers while providing a level playing field for Ohio insurers.

Ohio insurers are required to implement plans to safeguard business and personal information from cyber-attacks. Insurers also will develop response plans in the event that a cyber-attack does occur. As part of that plan, insurers are required to investigate the incident, report the event and other relevant information to the department, and also notify those impacted by the event. These changes make Ohio one of the first states in the country to implement cybersecurity reforms specific to insurers.

Beyond the cybersecurity provisions, changes have been made to strengthen Ohio's insurance market. One provision will increase competition in Ohio for rating agencies that provide assessments of insurance companies.

Lastly, insurers based in Ohio now can offer surplus lines insurance products as domestic surplus lines insurers. Prior to these changes, surplus lines insurers based in Ohio were subject to duplicative regulatory requirements that were costly and unnecessary. Products sold through a surplus line insurer often carry different risk than traditional insurance products and may also serve smaller, more specific segments of the market.

Department Accomplishments

Reviewed Insurers' Financials and Transactions, Conducted Examinations

The Ohio Department of Insurance's Office of Risk Assessment completed all reviews of insurance companies' quarterly and annual financial statements within timeframes prescribed by the National Association of Insurance Commissioners and met all other accreditation standards.

In all, more than 570 insurance company transactions, including nine applications for domestic certificates of authority, were analyzed and reviewed. Several large mergers and acquisitions were also reviewed.

Financial examinations of 46 Ohio domestic insurers were completed, including nine new company qualifying examinations. Risk Assessment also participated in four international supervisory colleges, which is the examination of international insurance companies involving a group of state, federal and international regulators.
